CONTESTS ARE AHEAD

Various Seats in Congress Will Be
Fought Out.

VOTE FOR PRESIDENT

McKinley Has Received 286 Electoral
Votes, Bryan 142 and 19 Still
Undecided—Both Parties
Claiming Kentucky.

Washington, Nov. 10.—There will be many contests for seats in the next house of representatives, and from present indications more than ever was before that branch of congress. From Kansas there will be one; one and perhaps two from Illinois, one from Indiana, two from Missouri, one from Ohio, two and perhaps four from Kentucky, one from North Carolina, one from New York and perhaps two from Maryland.

As the election now stands the house will be composed of 201 Republicans, 148 Democrats, with eight representatives still undecided.

The next senate, assuming that the state legislatures will fulfill their duty and choose senators to represent their states, will stand, on the basis of Tuesday's election, 49 Republicans, 27 Democrats and 9 Independents, with the legislature in doubt in three states with the privilege of electing five senators at this time.

The legislatures in doubt are Delaware and Nebraska in which states two senators are to be chosen, and Idaho with one senatorship to be filled.

With the returns of Kentucky, Wyoming and Utah, having in all 19 votes, still undecided, McKinley has 286 electoral votes and Bryan 142.

The following is the vote of 1900 compared with the vote of 1896:

VOTE IN TEXAS.

Calculating on Returns in Bryan's Plurality Will Exceed 1896.

Austin, Nov. 10.—Election returns have been received from about one-fifth of the state and stand: Democrats, 83,973; Republican, 43,032, with less than 3000 votes for the Populists, Social Democratic and Prohibition tickets. According to returns should the present rate be kept up the vote for Bryan in the state will reach at least 419,985 and that of McKinley 215,150. This would make Bryan's plurality 204,835, but as the remaining precincts are strongly Democratic it is believed his vote will exceed the above.

Bryan received 202,914 plurality in 1896.

The vote for Sayers far exceeds that of Mr. Bryan. According to the vote in, which is also about one-fifth, he has received 108,150 votes; Hannay, the Republican candidate, 40,634; McMin, the Populist, 6344; Royall, Social Democrat, 54; and Damon, Prohibition, 587.

The irrigation amendment has received 5163 votes to 11,184 against.

Kentucky Is Democratic.
Louisville, Nov. 10.—With unofficial

returns from every precinct in Kentucky, the Courier Journal puts Bryan's majority at 7635 and Beckham's at 4110. The county boards canvassed the returns in every county in the state Friday and the 50 counties out of 119 in the state whose official returns had been received did not materially change the majorities given in the foregoing, though there is no doubt that the full official returns will vary somewhat from the unofficial figures, but it is hardly possible the majorities of 7635 and 4343 could be wiped out.

Kitchen Faced With Contest.

Raleigh, Nov. 10.—Congressman-Elect Kitchen has been informed that his election from the Fifth district will be contested by the Republicans in four counties.

Acknowledges Bryan's Congratulations.

Washington, Nov. 10.—President McKinley has answered Mr. Bryan's message of congratulations in the following dispatch:

"Executive Mansion, Washington, D. C., Nov. 9.—Hon. William J. Bryan, Lincoln, Neb.: I acknowledge with cordial thanks your message of congratulations and extend to you my good wishes.
WILLIAM McKINLEY."

Vasant Defeats Lind.

St. Paul, Nov. 10.—Samuel R. Vasant, Republican, has been elected governor of Minnesota, defeating John Lind, fusionist, by a plurality which is variously placed at from 1490 to 5100.

Solid Congressional Delegation.

Topeka, Nov. 10.—Republicans now claim the election of C. W. Wheatley to congress from the Third district by a plurality of 10, without the vote of the soldiers now serving in the Philippines, which they say will be largely for him. This would give the Republicans a solid delegation in congress.

Colorado Returns.

Denver, Nov. 10.—Practically complete returns show Bryan's plurality in Colorado to be 28,385, which may be slightly increased by the remaining returns. Compared with 1896 in round numbers Bryan's vote fell off about 41,000, while McKinley's vote increased about 64,000.

A New Party.

New York, Nov. 10.—Henry White, general secretary of the United Garment Workers, makes a statement to the effect that a movement has been started for the organization of a national labor political party in sympathy with the Democratic party and to be affiliated with the national association of Democratic clubs. Mr. White says that this party while it is composed exclusively of members of labor organizations, will act independently of the labor unions, but will further all measures, state and national, supposed to be in the interest of labor. It will favor the Democratic platform, he says, with the exception of the free silver plank.

AN APPEAL TO HAY.

Southern Cotton Mill Owners Fear Trade Will Suffer in China.

New York, Nov. 10.—Forty-five cotton mill owners in the south, fearing the recent war will seriously change trade conditions between this country and China, have prepared a petition which they are sending to Secretary of State Hay. They fear Russia will obtain possession of Manchuria and impose such heavy duties on American goods as to render the withdrawal of American interests from that country necessary. The petition expresses approval of the "open door" policy and expresses the hope that the administration will take such action as it may deem proper to maintain protection and perpetuity of the existing commercial relations with China, especially as regards Manchuria.

This petition is signed by 18 mill owners in North Carolina, 21 in South Carolina, 4 in Alabama, 1 in Georgia and 1 in Maryland. The total capital invested their mills is \$14,364,500. The total number of looms is 31,089 and the total number of spindles 1,972,654.

AWARDED DAMAGES.

Frank Mowbray Wins His Suit for Being Discharged by Howard Gould.

New York, Nov. 10.—The jury in the suit brought by Frank Mowbray, a valet, against Howard Gould for \$25,000 damages for breach of contract brought in a verdict awarding \$5000 to the plaintiff. Mowbray alleged Gould engaged him as valet for life at \$80 per month, after he had lost the sight of one eye and sustained other injuries as the result of setting off a lamp skyrocket on Gould's yacht on July 4, 1893, and that he was discharged immediately after the statute of limitation barred the suit for damage on account of the injuries he had received.

Lynchers Convicted of Murder.

New Orleans, Nov. 10.—William Daniels and Ross Johnson have been convicted of murder at Lake Charles, La., and sentenced to the penitentiary for life. The case was a remarkable one, since it marks the first instance in this state where would-be lynchers have been caught, tried and convicted. On Sept. 17, this year, an attempt was made by a negro at Lake Charles to assault a white woman. The fellow was immediately

Massachusetts is the first State that has gone to a lunatic asylum for a Congressman. Congressman Boutelle, who has been in a lunatic asylum since last May, has been re-elected. His case is pronounced hopeless by the physicians.—Farm and Ranch.

The Congress elected on last Tuesday was under the apportionment of the census of 1890. This Congress will make a new apportionment under the recent census. If the present basis of 173,901 is retained the House of Representatives will contain 429 members. It is possible that the basis will be fixed at 200,000, which would give us 375 representatives, which is about twice the number needed.

Another Prominent Pioneer Citizen Passed Away.

Mr. J. P. Lloyd died at his home in this county Friday afternoon in his 65th year. Mr. Lloyd was born in Alabama and came to Texas before the civil war in which he gave his services to the confederacy. He was one of the pioneer citizens of Brazos county, and lent the full measure of the strength and influence of an upright, honorable and industrious life to the upbuilding of the county. He was a member of Reliance Baptist church and a true christian gentleman beloved by all. He was married to Miss Fannie Hood at Tryon in this county, and her death preceded his. He leaves four sons who are residents of this county, Messrs. James, John, Dave and Joe Lloyd, and one daughter, Miss Alice Hammond of Taylor county. The funeral will take place at Reliance church this morning at 11 o'clock.

BOB BALLARD

Landed in the Houston Jail for safe Keeping.

Houston, Tex., Nov. 9.—In order to save him from mob violence Sheriff Nunn of Brazos county arrived in the city last night with a negro charged with murdering one man, shooting another fatally and with highway robbery. The negro is rather small in stature, of a chocolate color. He was captured yesterday by the sheriff and posse near Bryan and not far distant from the scene of his crimes. Residents of the neighborhood were aroused and there was strong talk of summary vengeance. In order to prevent a threatened mob outbreak Sheriff Nunn spirited his prisoner away and brought him secretly to this city, where he is now safely located in a cell at the county jail. The negro had quarreled with a Bohemian at the latter's home and ended it by pulling a gun and shooting him down. He then went into the road and directly met Joe Blazek, another Bohemian, whom he ordered to halt and throw up his arms. Ballard is then said to have taken his pocketbook from him and to have demanded that he give up other money which the negro insisted he had. Blazek protested that he had no more and he was then shot, receiving a bullet wound which shortly afterwards proved fatal.—Galveston News

Jailor Gee says a crowd came to the jail the night following the day the prisoner was removed and some of them were permitted to go through and satisfy themselves the prisoner was not there.

An advance notice says: It is well to have much in little but the purchaser of commodities likes to get much in value and spend little in price. So it is in theatricals and the Ruble Theatre Company fills the bills in all respects at the lowest possible prices 10, 20 and 30 cents, they present the best plays known to the American stage and an acting company has been secured which is competent to give perfect presentation of them. Experience has taught that amusement is a necessity and when this amusement is placed at a price within the reach of all the public most heartily responds. The Ruble Company is one of proven merit; its promises have ever been faithfully kept, and there can be no doubt but that all who attend Monday night, Nov. 12, will be more than satisfied. Secure your seats now and you will have an opportunity to heartily enjoy a performance by the best repertory company coming here this season.

The Star Boarder at the opera house last night proved to be a mélange of specialties which could not be called a farce comedy because it had not the semblance of a plot. There was some very fair singing and dancing, with one exceedingly clever turn in the rag time song and dance line; there was also a deal of noisy nonsense, laughable and indifferently, and a number of jokes, some new and some veterans of many seasons; the ladies wore handsome costumes of which they seemed to have an abundance, and when all were on the stage the semi-circle and the choruses suggested comic opera. The need of a better piano was especially apparent in the musical numbers, as indeed it has been with other attractions this season. The audience was small and not very demonstrative. While the performance pleased in some respects it was of the kind that is waning in popularity. The next attraction will be the Ruble comedy company Monday night at popular prices.

Marines to Be Relieved.

Washington, Nov. 10.—To guard against the effects of prolonged exposure in the Philippines the navy department is sending out another draft of 600 men to relieve sailors on the ships at Manila. Those men will leave on the Buffalo on Dec. 1, meeting the Hartford and Alliance at Trinidad and exchanging some of the landsmen on these ships for the Chinese service.

Chicago, Nov. 10.—James K. Jones, Jr., son of Senator Jones, chairman of Democratic national committee has been removed to Mercy hospital from the Auditorium hotel suffering from acute appendicitis. Several physicians were called into consultation. They decided that an operation will be necessary.

MACARTHUR'S REPORT.

He Tells What Has Been Done and Now Being Done in Philippines.

Washington, Nov. 10.—Major General Arthur MacArthur, commanding the army in the Philippines and military government of the islands since May 25, 1900, has submitted his report to the war department. A considerable portion of the report relates to events which took place previous to the date when he assumed command, and he publishes some of the correspondence and proclamations of the Filipinos obtained before that time. He refers to the change in Aguinaldo's plans in abandoning his army organization and starting a guerrilla warfare.

The conditions of the country have afforded advantages for such policy, he says, as they enabled insurgents to appear and disappear at their convenience. At one time they are soldiers, immediately afterwards are within American lines in an attitude of peaceable natives. The widely scattered formation of Filipinos, quickly followed by guerrilla warfare, led to corresponding dissemination of the American troops, there being 53 military stations in the archipelago on Nov. 1, 1899, and 413 stations Sept. 1, 1900. This resulted in a large number of minor affairs, many of which did not assume the dignity of a regular combine, though casualties between dates stated were 268 Americans killed, 750 wounded and 55 captured. The Filipino losses during the same time being 3237 killed, 384 wounded and 2884 captured.

General MacArthur says extensive distribution of troops has strained soldiers of the army to the full limit of endurance. He says apparent desultory work has demanded more of discipline and as much of valor as was required during the period of regular operations against concentrated field forces of insurgents.

General MacArthur speaks in the highest terms of service rendered by troops amid all labors and hardships.

In closing the report General MacArthur, after speaking of the establishment of the Republican form of government in the islands, says:

"In light of the existing conditions it is difficult to realize that there is any possibility of such future for the islands especially so as at present and for many years to come, and the necessity of a large American military and naval force is too apparent to admit of discussion. On the other hand, however, there are many encouraging conditions. For example: In the Philippines, there is no tendency to destroy, no organized system of feudal laws to eradicate, no principles inconsistent with Republicanism, which had solidly insatiated themselves into national life, to displace and no adverse aspects of nature to overcome.

"On the contrary, nature, which is exuberant, balmy and generous, thus nourishing into existence of several millions of sensitive and credulous people without allegiance to any existing institutions, but animated by certain inchoate ideas and aspirations, which by some unfortunate provision thought they conceive to be threatened by America. These people, fortunately, are intelligent, generous and flexible and probably will yield quickly and with absolute confidence to tuition and advice, when thoroughly informed of American institutions and purposes."

WILL JOIN NO POWER.

United States Will Act Independently in All Matters in China.

Washington, Nov. 10.—A cabinet officer especially close to the President, is quoted saying:

"The Chinese question in all its phases, was discussed by the cabinet, and it was determined to follow the same policy hitherto observed. The United States will join no power or group of powers, but will act concurrently with all if it deems it desirable in the interest of harmony and the attainment of the president to which it is pledged, though it will preserve its time honored course of independence of action."

Mr. Wu, Chinese minister, said that there could be no doubt of China's purpose to pay the indemnity the powers would demand. "Where there's a will," he said, "there's a way, and China has the will."

Regarding the objection to the proposition that China should increase her import duties, it being urged that the foreigners would then pay the indemnity, he said:

"That is a great mistake. The proposition to increase the tariff was first made about five years ago. What we call the likin tax at every barrier is very annoying to the foreign merchants, and they have advocated that a proper increase in the tariff be made and the interior tax be abolished. It would be to the advantage of both China and foreign nations if the tax were to be increased and the likin abolished. China has vast resources, and I am confident of her ability to pay a reasonable indemnity within a time satisfactory to the powers."

Roberts After the Boers.

London, Nov. 10.—General DeWet is now the real leader of the Boer cause, and his prestige will be impaired by his recent serious defeat. A dozen other Boer generals are still in the field. Botha, whose health is better, is on the veld near Waterval, and Viljoen is near him with DeLarey. Schalkburger is in the mountains near Lydenburg and Erasmus is in the south. Crohler and Lemmer are in various sections of the Transvaal. General Roberts has evidently made the capture of DeWet and Steyn his next work and employing his mobile mounted forces to hunt them down at all hazards.

FEUD AT ANDERSON.

Both Factions Are Still in Arms and Ready for Battle.

FRIENDS INTERCEDE.

They Are Doing All They Can to Bring About an Understanding, but All Endeavors Seem to Be Without Success.

Navasota, Tex., Nov. 10.—Matters are growing worse instead of better at Anderson. Friends of both the Scotts and McDonalds have come from other counties in the hope of making an amicable settlement between the two factions and and if possible to pacify them. These friends are trying to persuade both sides to leave town.

The situation is serious and unless something happens to place the parties mostly interested far apart there will be bloodshed. While their friends here are doing everything possible to bring about a settlement it is realized that should another outbreak occur they, too, will take a hand and help their side.

A shot was fired from the jail yesterday morning (where Sheriff Scott and party are stationed) at a pedestrian on the street. This shot was replied to by several shots from the courthouse, doing no damage. A few minutes later another shot rang out from the jail, which was again replied to from the courthouse. No one was hurt by any of the firing.

Reports from Anderson are conflicting and the true status of affairs are not known. The citizens of the town are doing all they can to keep facts from the outside world, believed the would injure their town.

ROOT GOING TO CUBA.

He Will Seek Recreation Among the Islands for His Health.

Washington, Nov. 10. — Secretary Root is going to Cuba for his health. He will take the Ward line steamer from New York on Saturday and, landing at Havana, will cross Cuba to Ratabano where, accompanied by his son, he will go aboard a steam yacht for a fishing cruise, probably in the vicinity of the Isle of Pines which has enjoyed some repute for healthfulness.

The yacht is presumably one of the naval auxiliaries purchased last year for the Cuban customs service, but not found useful for that purpose. Although any political object that the secretary of war could have in visiting Cuba at the present time, when the constitutional convention of the islanders has just assembled is too obscure for war department officials to solve. They are at a loss to understand why a man in Secretary Root's state of health should risk the Cuban climate at this time of the year when malarial influences are at their height.

In his run down condition, it is thought that very important matters must be at the bottom of his choosing to expose himself to the danger of the yellow fever which is prevalent in eastern Cuba.

Famous Old Church Decaying.

London, Nov. 10.—The Holy Trinity church, situated close to the Tower of London, in which is one of Washington's ancestors tomb, bearing a coat of arms which is supposed to be the origin of the "stars and stripes," is threatened with destruction, unless £200 pounds is subscribed for its repair. What makes the church of interest to Americans is the tablet erected to Col. Legg who married Eliza Washington, who died in 1670, surmounted by the Washington arms, consisting of five alternating bars of red and white, above which are five-pointed red stars. These, it is said, suggested to George Washington the American national flag.

Lengthy Cabinet Meeting.

Washington, Nov. 10.—All the members of the cabinet except Secretaries Long and Wilson attended the meeting Friday. They remained in session several hours and discussed the Chinese situation as well as matters pertaining to Cuba, the Philippines and Puerto Rico. When the meeting adjourned it was announced that there was nothing to make public.

Abner Gaines Suicides.

Hot Springs, Ark., Nov. 10.—Abner L. Gaines, son of Major W. H. Gaines, one of the original claimants of the land upon which the Hot Springs are located, committed suicide here by cutting his throat with a pocket knife. He had been in poor health.

Typhoon at Hong Kong.

Hong Kong, Nov. 10.—A typhoon struck this town Friday evening and raged until morning. A British gunboat was sunk but the crew escaped. Great damage and loss of life occurred among a native craft, but it is as yet impossible to ascertain the full extent.

North Carolina's Ship Canal.

Raleigh, N. C., Nov. 10.—The survey of the ship canal for the inland water route through North Carolina sounds has been completed. The route is from Norfolk to Beaufort, through the Cautan, Pamlico and Albemarle sounds and Scuppernon river.

Austin, Nov. 10.—Unless yellow fever spreads at Natchez, Miss., Texas will not quarantine, is Dr. Blunt's decision.

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain and brawn; you will find that kind in the list below:

"Graham Flour 5 lb package 25c;

HANNA ON ELECTION.

Has Nothing to Do With the Makeup of the New Cabinet.

New York, Nov. 10.—Senator Hanna has arrived here from Cleveland and in speaking of the election he said:

"The people of this country were overwhelmingly in favor of sound money, law and order and a continuation of that policy which stands for prosperity. Patriotism and loyalty to the flag were strong factors in this campaign and that together with the aid of those who are generally termed sound money Democrats or gold Democrats, but whom I call American citizens, all combined to bring about this result.

"Nebraska was the greatest victory of all. We made a hard fight in that state. We went for it for all it was worth and while we did our utmost and hoped for the best we did not expect to carry it.

"We have carried Kentucky and we have not yet given up hopes of receiving her electoral vote and we do not propose to give up.

"We have carried the state and we propose to fight for it."

"How about changes in the cabinet, senator?" Hanna was asked.

"You won't get a word out of me about cabinet positions. I have nothing to say about that. It is none of my affairs."

Mr. Hanna's attention was called to the fact that Senator Depew had said the insurrection in the Philippines would be put down at once no matter how much money and how many men it would require to accomplish this end and was asked for his opinion on the subject, he replied:

"I think the insurrection will evaporate almost at once, but if it should not, I think we can safely leave the matter in the hands of the president."

"It has been suggested that you are a candidate for the presidency in 1904," was said to Mr. Hanna.

"If I find the man who started that report I will kill him. I won't talk about that or allow any one else to do it. It is too absurd."

"Do you mean to say that you decline the nomination if it were tendered you?"

"Well, something very like it. But I do not wish to discuss that at all. It is too foolish."

GREAT BRITAIN PLEASED.

Election of McKinley Relieves Officials of Much Anxiety.

London, Nov. 10.—The elections in America and Canada held the interest of Great Britain throughout this week to an unprecedented extent. Of the two great contests, that between President McKinley and Mr. W. J. Bryan was by far the most closely watched. There is no concealing the fact that Mr. McKinley's reelection meets with almost unanimous approval of the press and public,

while the foreign office expresses undisguised relief that it will not have to deal with a new set of diplomats in this critical stage of affairs in the far east and in other parts of the world.

Among the columns of comments appearing in the journals there is common to all, an expression of surprise at the return to power of the existing governments of Great Britain, the United States and Canada, and rightly or wrongly, the deduction drawn from this reversal of the usual order of things is due to the wonderful spread of "imperialistic ideas," among English-speaking peoples. Amid this unusually keen apprehension of events occurring on the American continent, the return of General Buller excites only a faint ripple of enthusiasm. The sobriquet, "ferryman," is too fresh in the public mind to allow the complimentary references now made to him to have much force, though he will be the object of many demonstrations.

The ancient controversy on the subject of the Delagoa Bay railroad awards will be turned into hard cash next week. Communications are still passing on the subject between Washington and London, but only one minor point remains unsettled and this should not prevent the bondholders from receiving their money in a few days.

Another international matter likely to come up between the United States and Great Britain is the suggestion to prevent the Filipinos at Hong Kong whose inquiries reveal that no instructions have yet been received at the United States embassy to this end, though should the United States ambassador, Mr. Joseph H. Choate be instructed to apply for the suppression of the junta, it is likely his request will be granted. An official of the foreign office said to a representative of the Associated Press: "The extent of the steps we could take in this matter entirely depends on the strength of the case Washington can make out against the junta. If it is proven the junta is materially assisting the cause of the Filipinos we, certainly, shall only be acting in the spirit of ordinary international friendship in suppressing the organization. Moreover, the British empire has no desire to harbor such bodies or juntas."

Chinese Surrender.

London, Nov. 10.—A special from Tien Tsin dated Nov. 7, says a detachment of Italian troops returning to Peking intercepted three battalions of Chinese near Kuen au Hsin, the latter surrendering without firing a shot.

No New Trial for Ferrell.

Marysville, O., Nov. 10.—Judge Mellhorn has overruled the motion for a new trial and sentenced Rosslyn Ferrell to be electrocuted on Friday, March 1, for the murder of Express Messenger Lane, on Aug. 10 last.
